

CONTACTLESS CONVERSION KIT FOR OASIS WATER COOLERS.

Easily convert your existing OASIS drinking fountain into a contactless unit.

Promote safe and hygienic spaces by converting your OASIS water coolers into contactless units.

Designed for our popular PG8 Series of water coolers, OASIS's Contactless Conversion kit allows for quick contactless conversion of your existing unit using our hands-free sensor design.

Features:

- Easily convert manual units to contactless in just minutes
- Intuitive, hands-free operation
- Eliminates high-use contact points that can harbor dangerous pathogens
- Stainless universal conversion kits are compatible with all powder coat finishes
- Compatible with Versacooler models dating back to 2005
- All necessary components are included in one kit
- No rewiring required

Requires access to power.
